

Environmental Policy

Lyons Landscapes

Last Reviewed: _____ May 2026 _____

Next Review: _____ May 2027 _____

Our Commitment

At Lyons Landscapes, we recognise our responsibility to operate in an environmentally responsible and sustainable manner across all aspects of our work.

We are committed to minimising the environmental impact of our activities, protecting the natural environment within the communities in which we work, and preventing pollution and unnecessary environmental harm wherever reasonably practicable.

As a landscaping and construction business, we understand the importance of preserving outdoor spaces, natural habitats, and resources for future generations. We are committed to continual environmental improvement and compliance with all relevant environmental legislation, regulations, and recognised industry good practice.

Our Environmental Objectives

Lyons Landscapes will work with employees, clients, suppliers, subcontractors, and stakeholders to adopt procedures and practices that:

- Reduce waste through efficient working practices, reuse, recycling, and innovation;
- Minimise pollution and reduce the use of environmentally harmful substances where possible;
- Promote responsible sourcing and increase the use of sustainable, recyclable, and environmentally conscious materials wherever practical;
- Reduce unnecessary consumption of fuel, energy, water, and raw materials;
- Encourage efficient transport planning and reduce vehicle emissions where achievable;
- Protect biodiversity, existing trees, soils, natural habitats, drainage systems, and watercourses during works;
- Ensure waste materials are stored, transported, and disposed of responsibly and in accordance with legal requirements;
- Work with suppliers and subcontractors who demonstrate environmentally responsible practices where possible;
- Promote environmental awareness and responsible site practices among employees, subcontractors, and clients;
- Encourage sustainable landscaping, drainage, and construction methods wherever practical and appropriate.

Responsibilities of Owners and Management

The owners and management of Lyons Landscapes recognise that overall responsibility for environmental sustainability rests with them and are committed to the implementation and continual improvement of this policy.

Their responsibilities include:

- Ensuring environmental policies and procedures are communicated and implemented effectively throughout the business;
- Complying with all relevant environmental legislation, regulations, and industry standards;
- Establishing environmental objectives and targets where appropriate to support continual improvement;
- Encouraging cooperation between management, employees, suppliers, subcontractors, and stakeholders on environmental matters;
- Providing suitable information, training, and resources to support environmental responsibilities;
- Monitoring environmental performance and reviewing this policy regularly to ensure ongoing effectiveness;
- Promoting a culture of environmental responsibility throughout all company operations and projects.

Employee Responsibilities

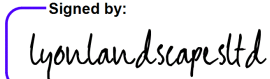

All employees, subcontractors, and workers are expected to support the aims of this policy by:

- Following environmental procedures, site controls, and company policies;
- Working in a manner that minimises waste, pollution, and environmental impact;
- Using materials, machinery, fuel, energy, and water responsibly;
- Reporting environmental hazards, spills, incidents, or concerns promptly;
- Supporting environmentally responsible working practices and continual improvement initiatives.

Review

This Environmental Policy will be reviewed periodically to ensure it remains relevant, effective, and aligned with current legislation, industry standards, and the ongoing activities of Lyons Landscapes.
